

SUNGAI LEMBING

4x4 Camping Adventure

PAHANG

Sungai Lembing is rich with features as the natural beauty of the river that has panoramic views and features an attractive beauty as Kenau River, Sungai Lembing, Keladang River, River AWAI, Kindle River, River Cermih, Hornbill River and River Renggek.

Local Authorities have zoning Sungai Lembing area as a tourist area that is based on Historical Park "because there are many former tin and long tunnels. Apart from the Local Authority would also like to make the Sungai Lembing as the Growth Centre North East Coast by 2020.

The Sungai Lembing Museum showcases the history of the world-famous subterranean tin-mine. Located in the old turn-of-the-century town of Sungai Lembing, which was built with the wealth generated by the tin ore mined there, this interesting museum is housed in a beautiful colonial-type bungalow on top of a hill that overlooks the sleepy settlement below.

The town of Sungai Lembing is located 42 kilometers from Kuantan town. A good road links the two places. Here, at the museum visitors can browse the exhibits that represent almost every facet of the now defunct largest underground tin mine in the world. So famous was the mine at Sungai Lembing that it was often given the nickname the eastern 'El Dorado'. Tin was mined here way before the British-owned Pahang Consolidated Company Limited ventured forth to commercially work the place on a large scale in 1906 until it's liquidation in 1986. In fact there is evidence that the mineral had attracted miners since prehistoric times.
