- Max cruise speed: 14 knots
- Navigation: Navman GPS chart, plotter JRC radar
- Engine: Cummins 800 HP diesel engine
- Water maker: two water makers 700 LPH
- Generators: Two Kohler gen sets 700 KW soundproof
- Number of rooms: Nine double occupancy
- Total occupancy: 20 guests

4 ATOLLS (CLASSIC ROUTE)

The 4 atolls route is the ideal route if it is the first time you visit Maldives. It is the most complete one as it gathers all the diversity we can find in this archipelago, from the big pelagic fish to the wide range of species that dwell in the reefs.

Besides, it is the perfect route any time of the year, because regardless of the monsoon the sight of whale sharks and manta rays is almost guaranteed. In Maldives there are two monsoons: the dry one, from November to April, and the wet one, from May to October. In any case, the climate is tropical and the sun is guaranteed in both seasons.

During this seven day cruise, around eighteen dives are done in the four main diving areas that this route offers us. The Thilas are great mountains under the sea that we find from a depth of six meters to a maximum of thirty or forty. The Giris are the same kind of formation but they are closer to the surface, at a depth of only three meters. There are also Farus, that stand out of the

surface of the sea regardless of the tide. The characteristic they have in common is that in all of them we can enjoy carpeted reefs full of life.

In the four atoll route, the last type of dives we will enjoy during life on board are the famous Kandus, "channel" in Maldivian language. It is for many the best dive in the cruise. It takes place in the space between two islands, where the ocean currents slip in the atoll, allowing the entrance of big pelagic fish. Here one can enjoy the near sight of grey sharks, whitetip sharks, carangidae and eagle rays.

We also do night dive with nurse sharks and stingrays near Ali Matha resort and various Channel dives. We offer a minimum of 17 dives per week including 1 night dive.

We could also organise dining experience at a resort or use their facilities if you would like to add to your itinerary. Their rates are around USD 300 per person for such experiences depending on the resorts.

For extension stay, subject to availability, minimum is either for 7, 10, 12 or 14 days. For 12 days the route shall be North Male' Atoll, Ari Atoll, Meemu Atoll, Thaa Atoll, Vaavu Atoll and South Male' Atoll. This is also the most ideal route further south.

PACKAGE

The boat charter price includes the following package;

- Return airport transfer
- 4 routes diving trip
- Diving dhoni and dinghy
- Fullboard meals including tea and coffee
- Local islands and picnic island excursions (entry fee is subject to charge USD 15 per person)
